

A GENERAL SURGEON CAN SAVE YOUR LIFE

Our role in BC's surgical care is irreplaceable. No acute care hospital emergency department could function without a qualified general surgeon.

General surgeons are specialists who are trained in the following fields:

- CANCERS OF THE GASTROINTESTINAL TRACT, HEAD AND NECK AND ENDOCRINE ORGANS
- MULTI-SYSTEM TRAUMA CARE AND SURGERY
- SURGICAL TREATMENT OF SKIN CANCERS INCLUDING MALIGNANT MELANOMA
- MALIGNANT AND NONMALIGNANT BREAST DISEASE
- SURGERY OF THE GALLBLADDER AND BILE DUCTS
- HERNIA AND ABDOMINAL WALL SURGERY
- SURGERY FOR MORBID OBESITY AND DIABETES
- SURGICAL TREATMENT OF EMERGENCIES SUCH AS: BOWEL OBSTRUCTIONS, APPENDICITIS, BOWEL PERFORATION AND SEPSIS

"Day or night, I am here for you. I am a general surgeon."
